TO WHOM IT MAY CONCERN,

**RE: Letter of Recommendation – ANGELO PATRIZI**

I would like to extend this letter of recommendation in respect to the services provided by Angelo Patrizi. We are currently involved in medium density residential construction projects and luxury residential homes throughout Sydney CBD and its metropolitan areas. Angelo's scope of works involves the supply, fabrication and installation of various metalwork items on our projects. These works include – structural stairs, elevated structural walkways, bridges and platforms, privacy screens, balustrades, handrails, awnings and many more.

We first began working with Angelo approximately 10 years ago based on recommendations we received about his experience and performance on other projects. We have not needed another metalworker since.

Angelo's knowledge and skills have provided us with innovative practical solutions, reliable service and excellent quality, all at competitive prices. Most compelling is the depth of support, dedication and commitment we receive from Angelo

Based on the above we would highly recommend Angelo for any project requiring metalwork services.

We would be pleased to discuss any aspect of the above. You can contact me on 0403 222 667.

Yours sincerely  
E-Con Group Pty Ltd
